

## Gun Owner, Father of 7, Gets 5 Years in Prison

SAN DIEGO (CNS) — The father of seven children was sent to prison for up to five years Friday by Superior Court Judge Gerald C. Thomas for possession of a .22 caliber revolver as a person previously convicted of a felony.

John Michael Shafer, 28, 8747 Jamacha rd., Spring Valley, pleaded guilty to the charge and a count of burglary and one of grand theft were dismissed in El Cajon Municipal Court.

On July 14, Mrs. Shirley Summey, 8412 Fanita dr., Santee, according to the probation report, told the sheriff's department that Shafer had stolen \$400 from her. She said she had dated Shafer thinking that he was single and that after he left her home one day, she noticed that \$400 was missing from her purse.

Stanley Ray Pearson, 1236 East Main st., El Cajon, told El Cajon police that Shafer burglarized his home on July 13, taking the .22 revolver. Pearson, according to the report, later told the district attorney's office that he had lied

and that he had given Shafer permission to use his gun. Pearson was subsequently charged and convicted of furnishing false information to police.

Shafer said the money he got from Mrs. Summey was a loan.

Shafer was on three years probation from the El Cajon court for battery. The report says, "on this occasion, the defendant attempted to rape a 20-year-old girl at knif point. He was given probation on the condition that he have no extramarital relations."

The felony that Shafer was convicted of was forgery in Wisconsin.

In his statement to the probation office, he asked for mercy because of his wife and children. He said that he had taken the pistol "only for the reason to safeguard my wife and children while sleeping on the road for four nights, which we did. It was not carried on my person at all, but remained in the seat with cylinder in the glove compartment, unloaded."

With time drawing near to the Sept. 22 election day for recall of three La Mesa-Spring Valley School District board trustees, both the pros and cons have been in the midst of some heavy fighting.

**UP IN SMOKE** — Vernon Scott watches the home he built go up in smoke. He started work on his home at 9717 Dale st., Spring Valley, in 1956 and finished it in 1960. The building was recently condemned to make way for a freeway. The contractor removing the building gave it to the Spring Valley Fire Department to use for practice fire fighting. Scott said the state offered him \$32,000 for the house along with another house and four

acres of land on which they stood. He said they are worth \$92,000. "We are fighting it in court," he said. Fire Marshal Stanley Mourning and Capt. Daryle Stager, training officer of the S.V. Fire Department, said the fire practice at the house gave the department practice with fires in a two-story building. About 12 men and three trucks took part in the practice.

## New Language Labs Greet Returning L.G. Students

More than 3900 elementary students reported Monday morning for classes in Lemon Grove's six elementary and two junior high schools.

Although returning to familiar sites, the boys and girls in many of the grades found many new things to challenge them — among these the new math and a new foreign language program.

Students at Lemon Grove Junior High found the language program in Spanish definitely

different, even in its physical aspect. Familiar Rooms 4 and 5, part of the older structure, appear so altered in appearance inside the classrooms that even the "oldtimers" found it hard to believe that the "language labs" were really conventional rooms changed to fit the demands of modern teaching techniques.

New teachers also appeared in several of the schools. At Lemon Grove Junior High, Mrs. Barbara Anderson assumed her teaching role in eighth grade English and girls' physical education. A graduate of the University of California at Santa Barbara, Mrs. Anderson taught formerly at Yuba City and Vandenberg Air Force Base at Long Beach.

New instructors at Golden Avenue include Gloria Castellanos, a product of Lemon Grove schools herself. A recent graduate of San Diego State, she will teach a sixth grade and Spanish. Her student teaching was at San Altos and Mt. Vernon Schools last year.

Lawrence Brullo, who will teach a fourth grade at Golden, comes to Lemon Grove from Wisconsin and Colorado Universities and San Diego State. He has also worked as a commercial artist and orchestral violinist.

A third new teacher at Golden is Arlene Westlund, who attended Westmont and graduated from San Diego State. In

preparing for her third grade position she taught at Spring Valley and Clairemont.

Genie A. Eastman, who holds a degree from San Diego State, has a second grade at Monterey Heights School. She formerly did student teaching in Santee and Pacific Beach.

At San Miguel School, Mrs. Lorraine Grant has been assigned a morning kindergarten. She graduated from San Diego State after attending Wheaton College and taught previously at Andrew Jackson School in San Diego.

John C. Hubbard, new to San Miguel School, is also a graduate of San Diego State. Before assuming his position as a second grade teacher here, he

completed student teaching in San Diego City schools.

Marion B. Little is a new first grade teacher at Mount Vernon.

She was a student teacher here at Vista La Mesa prior to graduation from San Diego State.

Also at Mount Vernon is Gaynel E. Ramsey, a third grade teacher. She attended both San Diego State and the University of California at Berkeley before student teaching at San Altos in Lemon Grove.

New to San Altos in an afternoon kindergarten class is Mrs. Loui M. Scher who attended both Los Angeles and San Diego State colleges. Qualified to teach Spanish, she did student teaching in La Mesa and in San Diego.

## Women Voters League To Conduct Forum For City Council Candidates

A forum of candidates seeking election to council of the proposed City of Lemon Grove will be conducted Sept. 29 at the L.G. Junior High school at 7:30 p.m. The forum will be conducted by the League of Women Voters.

The fifteen candidates for the City Council will be invited so that the public will have a better chance to decide on the candidates of their choice.

The League of Women Voters is known for its impartial stand on issues and candidates of importance to the voters.

They also attempt to obtain the best people to run the best type of government.

Candidates are pretty well agreed on most issues. Principal issue in this election is incorporation, and the basis for the new city government to get off on the right track.

The public is urged to attend this meeting to learn all the facts about incorporation.

The fifteen candidates have been meeting regularly for the past three weeks and will continue to do so in order to bring all the facts of incorporation to the public. The candidates feel this vote is of utmost importance to the people of Lemon Grove and are anxious that every voter in Lemon Grove be well informed.

Those in attendance at last week's meeting were: Kenneth Ostrander, William Ross, Blanche Davis, William Owens, Frank Armstrong, Jesse Lee, Robert Vaught, Forrest Baxter, Paul Reynolds, Kenneth Conrad, Charles Hesser and Marion Morgan. The other candidates unable to attend are Dr. Frank Gigliotti, Clifford Elkins, and Parker Shumate.

## Thrifty Drug Store Opens In Lemon Grove Sept. 24

Thrifty Drug Stores, the West's largest drug, variety and junior department store chain, will open a new super-store, its first in Lemon Grove, on Sept. 24; it was announced by company officials. The ultra-modern Thrifty, located in the Lemon Grove Shopping Center at Imperial avenue and Golden avenue, will be one of the most beautiful in the entire chain, it was disclosed.

The newest addition to Thrifty's program of expansion will bring to thousands of residents of Lemon Grove and the surrounding area a modern, spacious Thrifty Drug Store featuring the same fabulous values and courteous service that have led over twelve million customers to shop at Thrifty Drug Stores each month.

Beginning with one small store in Los Angeles in 1929, Thrifty has grown meteorically until today it is the largest drug, variety and junior department store chain in the West. The pioneer firm now operates 241 stores in California, Arizona, Nevada, Idaho, Utah and Oregon. It was disclosed the huge chain opens an average of 25 stores each year.

Thrifty officials credit the burgeoning success of the firm to the practical application of the philosophy of selling a vast selection of high quality merchandise for less, in surround-

ings that are the last word in convenience and beauty. Thrifty Drug regularly carries over 25,000 separate items of drug, variety and department store merchandise, purchased from throughout the country and in such huge volumes that a tremendous savings are affected for the customer.

Ease of shopping has been a prime factor in the huge chain's successful growth pattern. Thrifty has been a leader in pioneer self-service shopping and has developed merchandising services that make each Thrifty Drug Store a pleasant, enjoyable place to shop.

Lemon Grove's first Thrifty Drug Store will be open for customer service on Sept. 24. Watch this paper for details of the Grand Opening which will feature a huge ten-day Grand Opening Sale with thousands of bargains.

Local business firm operators are looking forward to the open-

ing of the new enterprise with interest. It will be the first general major retail firm to open in Lemon Grove. Most of the business community believes that Thrifty will revitalize the Lemon Grove shopping area which had sagged severely after three shopping centers opened around the town's periphery. Recently, some of the empty stores have been refilling indicating that Lemon Grove's economy had already begun to improve.

## 'Sphere Of Influence' May Be Annexation Guide

SAN DIEGO (CNS) — The Planning Commission of San Marcos has written a letter to the Local Agency Formation Commission that may lead to "spheres of influence" being determined among North County cities.

Margaret E. Ferguson, city clerk and secretary of the San Marcos commission, asked for a hearing for the purpose of defining future boundaries and for a delay in the commission approval of the Barham Annexation of 81 acres to the City of Escondido.

The annexation is at a west-erly arm of Escondido, close to San Marcos, to the south of

State Highway 78 near Barham road.

The Local Agency Formation Commission does not have the specific power to limit "spheres of influence" but apparently could work along that line by denying annexations to cities that went beyond a limiting boundary. The commission has no power to force annexation.

Supervisors Robert Cozens, Fifth District, said that he has already been in informal contact with some of the officials of North County cities to see if agreement can be reached among them on future boundaries.

## 540 Families Contribute To Retarded Children's Playground Equipment

Five hundred and forty are more families than there are in most little communities in the United States but 540 this week became the total of families who have subscribed to this publication to aid Angels Unaware.

Thirty-eight new names were added to the total during the past seven days.

Angels Unaware is the East County Chapter of the San Diego Association of Retarded Children.

Proceeds from the subscription campaign are being used to buy playground equipment for the retarded children's facility at 1375 East Lexington ave., El Cajon.

A contribution is made in the name of each subscriber taking part in the project. Contributions range from 10c for a standing subscriber who renews through the selling agency.

\$3.50 is contributed when a non-subscriber takes a two-year subscription through this office of this publication (so that sales commission will not have to be paid) or through Angels Unaware directly.

Solicitors have been working in Spring Valley only. It is expected that nearly 1,000 families will have participated in the project by subscribing to the newspaper. The solicitors will then contact Lemon Grove families and another 1,000 sub-

scribers are expected to be added to this newspaper's rolls. It is hoped that when the campaign is over, Angels Unaware will have its playground equipment and the circulation total of the newspaper will be about 12,000.

The newspaper is distributed by mail every Thursday.

This week's list of 38 subscribers are:

John D. Sappington, 1675 Tarleton st.  
Harold Benson, 703 Thayer dr.  
Mickey E. Shelley, 10333 Toledo rd.  
G. E. Moneley, 8871 Troy

## The DIMMER VIEW

by MAX GOODWIN

### Are Card Players Criminals?

We suspect that there are some red faces in the County Sheriff's office this week after the department conducted a "flying squad" raid on a handful of Lemon Grove business and professional men playing poker after they had attended a service club meeting Thursday night.

The "culprits" were at first handcuffed, then uncuffed; transported to County Jail in a sheriff's "dog cage" prisoner car and booked; made to remove all of their clothing and examined in the nude for hidden dope.

Drunks, suspected thieves, gunmen and dopers should expect such treatment. But among these "crooks" were business and civic leaders who readily identified themselves to the deputies who made the arrests. Common sense should have told these officers that the men should have been released on their own recognizance.

Because no formal complaint had been filed at press time, we are not listing the names of the people who were swooped up in the deputies raid.

## LM-SV School Staff Meeting Starts With Ringing of 1906 School Bell

The 549 teachers and administrators attending the first 1964-65 general staff meeting of the La Mesa-Spring Valley School District were called to order last Thursday at the La Mesa Junior High School Auditorium by Superintendent Glenn E. Murdock.

As the first order of business, he asked six veteran teachers to each ring the recently "discovered" 2-foot school bell which called pupils in 1907 to the Allison School in La Mesa. The bell, cast in 1906 by the C. S. Bell Company of Hillsboro, Ohio, was later installed in the tower of the old La Mesa Grammar School.

Murdock congratulated the 24 teachers who during the summer completed requirements for a master's degree or who had accomplished an equivalent program.

"The summer school enrollment increased 800 over last year's level, and almost half of the district's students enrolled in the program," he reported.

He said the district had cooperated with other districts in the Heartland Guidance Project to produce "World at Work" materials which would be used in the study guidance classes in the junior high schools.

"Although by law schools were not required to offer foreign language instruction to sixth, seventh and eighth grade students until September, 1965," he stated, "the La Mesa-Spring Valley School District has a program ready and felt that it was appropriate for the instruction to be offered this year."

He reminded his listeners that because most children have a formal education of only twelve years, each child's teacher (or teachers) of any one year have a vital and significant responsibility for that year's teaching. He said the under-educated and under-trained simply will not find a place in the world of work. He reminded his audience that one-half million fewer "blue-collar jobs" were available.

## Avondale Sixth Graders To Attend Tijuana School Dedication Friday

Avondale School sixth grade students will journey to Tijuana Friday for the dedication of Alessio School No. 8, according to Donald Barnes, Avondale School principal.

He said the students, members of Hrs. Iris Kossey's and Clyde Morton's classes, will contribute a "western" dance and two typical American songs. After the program, which will also feature numbers by the Mexican students, the guests will be hosted by the sponsoring Domenico Alessio Corporation at a luncheon in a Tijuana restaurant.

Barnes said that Avondale

School is considered to be the "godmother" school for all Alessio schools. He said that Mrs. Joseph (Tina) Cutri, a daughter of John Alessio, once taught an Avondale class. At that time an exchange program was begun. Students, who are studying about Mexico, traditionally visit the border community, and the Avondale Parent-Teacher Association each year hosts a group of sixth grade Tijuana youngsters.

The Domenico Alessio Corporation is constructing a total of 24 schools in the border city with two being completed each year.

## School Trustees View Mostly Routine Matters

The first in the new season's series of trustees' meeting of the Lemon Grove Elementary school district Monday night produced little outside the routine matters of school starting.

Two vehicles, one a 12 passenger bus for handicapped children, were purchased for \$5,000 total. The second vehicle is a delivery van.

## Teachers' Group Opposes Recall Of Board Members

The La Mesa-Spring Valley Teachers Association has taken a strong stand in opposition to the attempted recall of the three incumbent school board members.

At a meeting attended by 366 members, they approved three motions regarding the recall election. They reaffirmed the policy adopted in February 1964 which stated, "We support the school board on its decision on prayers in the classroom. We do not feel that our rights as teachers have been violated or restricted in any way, and we are unalterably opposed to any recall."

They then went on record as supporting the aims and objectives of Educators for Positive Action regarding the recall election. Educators for Positive Action was formed last spring and has been working with other citizens groups in opposition to the recall. The Teachers Association voted financial support and encouraged their members to contribute financially to oppose the recall movement.

Edwin P. Myers, president of the Teachers Association stated, "For months some proponents of recall have represented themselves as spokesmen for

## Port Provides Stability Says Club Speaker

Tonnage through the Port of San Diego increased from 63,649 tons in 1952 to 899,000 tons in 1963, Don Williams, public relations member of the Port District told the Lemon Grove Men's Club. At the present rate of increase, the tonnage will reach 880,000 this year he said.

Already the 10th Avenue pier is overloaded to the point where the National City facility will have to be rushed through.

The Unified Port District is self-supporting with a tax rate needed only to overcome the liabilities that were there when the District was formed, he said.

What makes all of this important to San Diego County residents is that the Port will bring \$9,514,000 in new money to San Diego this year. It is one of the biggest producers of "fresh" money in the County, thus providing for a stabilization of the economy here, he added.

The Men's Club meets every Friday at noon at Michael's for a no-host luncheon. All males are welcome to attend.

## CHP Official Tells How To Foil Thieves

More than 50,000 cars are stolen every year in California and approximately one-half of these thefts are the direct result of owner carelessness.  
"In just about 50 per cent of the cases, all the thief has to do is get in the car, turn the key — conveniently left there by the owner — and drive away," California Highway Patrol Commissioner Bradford M. Crittenden said.  
"You can help to reduce auto thefts by following three easy steps," the commissioner said.  
1. Always take your car keys with you (and don't forget to lock the ignition if you drive a model in which the ignition can be left in an open position).  
2. Lock your car, including the wind wing.  
3. Park in a well lighted area.  
It is also advisable to spray the ignition system with plastic, which prevents use of a jumper wire or metal foil to short circuit the system; and to punch out identifying numbers on car keys, after first recording the numbers at home. This will make it more difficult for anyone else to duplicate your keys, the commissioner said.

One of the easier plants to grow in most all areas is the Chrysanthemum.  
The common insects that affect the gorgeous blooming plants are usually aphid, green worms, white flies and once in awhile grasshoppers. These can all be controlled by one type of insecticide by spraying at regular intervals as the plant grows and bears flowers. This is a super emulsion of nicotine and oil available in most places where garden supplies are sold.  
If you are going to disbud all but one blossom on each stem then by all means don't let an insect destroy that one super bud.  
The regular use of iron to tone up the foliage will also help to produce full color in the blooms. This applies to many other plants other than Chrysanthemums.  
Never let Chrysanthemums remain too long in matted, bunched groups. Division of the plants always insures better plants and blooms the following year.  
If the plants are near any termite infested area then take the precaution of treating the adjacent soil with a product containing ether. No harm will come to the plants in the area so treated.

## The DIMMER VIEW

(Continued)  
Only a "suspicion" that they were playing cards for money was reported because reasonable doubt existed. Proof of this was an admonition given by one of the arresting officers at the tail of the report which read: "Requested this case be marked suspended pending complaint."  
Several years ago officers arrested some otherwise law abiding citizens in San Diego who were indulging in a private card game at the home of one of the friends. The public was revolted by this act and complained bitterly. Locally, those who have learned about the raid here last week are likewise angered.  
Some of the players have been friends for 15 years — and perhaps they have been playing cards together all during that time. Card games of this sort are generally classed as recreational rather than criminal. If in the eyes of the sheriff such games are now illegal, we're going to have an unprecedented number of jailbirds in San Diego County in the future.  
We feel that when criminal treatment is given reputable citizens in any community it brings into focus the question of good judgment of the law enforcement agency involved.  
In our opinion, the deputies who subjected these citizens to reported indignities should be suspended for stupidity. If the act was committed as the direct result of an order from the sheriff, it is time to consider replacing the sheriff.  
Even in the minds of the most naive, there is a difference between a law breaker (which perhaps these guys were) and a criminal (which these people are not). We need law enforcement officers who know the difference!

## Rough Water Swim Is Youngsters Treat

The Rough Water Swim at La Jolla drew more than 300 youngsters Sunday.  
We were amazed, as we have been in the past, by the number of healthy looking youngsters who voluntarily take part in this annual event.  
State Senator Jack Schrade, who was called upon to present trophies to winners, told a group of us his pride in the physical condition of so many youngsters. Senator Schrade, himself a trim, slim figure of a man, apparently is health conscious but none in this group disagreed with him about the handsome appearance of the fine, muscular physiques as the groups stood in line for the starter's gun.  
The oldest swimmer, Author Max Miller, who usually adds color to the event, was not able to make the mile swim this year because of his health. He has finished last for the last 10 or 15 years. He presented a trophy, however.  
The youngest entry was a six year old Lemon Grove girl, the daughter of Dr. and Mrs. George Holland. Of all the entries, fully 90% of the total were in their early teens and younger.  
It was a gala day — one of which La Jolla might be justly proud. The sunshine was brilliant and youthful exuberance was exuded everywhere.  
In such an atmosphere it was impossible to believe that there is a juvenile delinquency problem in San Diego County. In retrospect, it reminds us that youngsters are kept out of trouble by sapping up some of the tremendous energy.  
There simply wasn't a delinquent at La Jolla Sunday.

## On The Lighter Side

Blackie Sherrod, assistant editor of the Dallas Times-Herald, in a speech to the nation's sports editors recently had a couple of dead-pan comments to make that seem worth repeating here.  
On the government: "President Johnson says it's a vicious rumor that there is a lot of unemployment today. The rumor was started by people out of work."  
On Jack Murphy, Sports Editor of the S.D. Union with whom Sherrod roomed at the conference: "He's a fine roommate — if you don't mind holding your money while you take a shower."  
On marital bliss: "I've been in love with the same girl for 15 years. If my wife ever finds out, she'll murder me."

## New Capitol Game Is 'Moderately Yours'

They tell of a new parlor game going around Capitol Hill in Washington — and it could become as popular as "knock, knock."  
According to the RCC Newsletter, the game is called "Moderately Yours" and is simple to play. Participants are awarded 5 points for casting authentic U.S. heroes — "extremists" to some — in more "moderate" roles. If foreign heroes are used, the award is 2 1/2 points.  
Here are a few starters:  
If Paul Revere hadn't been an "extremist," he probably would have said: "Go back to bed boys. I'm sleepy, too."  
If Patrick Henry hadn't been an "extremist," he might have said: Golly, gee, I'm sure going to hate to give up liberty."  
Here's a 2 1/2 pointer: If the Little Dutch Boy hadn't been an "extremist" he would have said: "Well, if that patch doesn't hold the dike, I don't know what else to do."  
Another 2 1/2 pointer: Winston Churchill. Instead of "blood, sweat and tears" he would have been quoted as saying "Disarmament, negotiation and accommodation."  
George Washington would be good for five points if he were converted to an "extremist" with: "Goodbye boys, I'm going over the hill. I just won't serve with an army that doesn't furnish shoes and overcoats."  
Then there was Nathan Hale, an "extremist" of the first rank, who could easily have said: "Look, man, let somebody else do this spy bit. I've only got one life — and I want to keep it."

## LETTERS TO THE EDITOR

## AGAINST RECALL

Dear Editor:

As a long-time resident of Spring Valley and the mother of three sons that have been educated through our school districts and a daughter now enrolled in the Bancroft Elementary School, I would like to make this appeal to you concerning the Recall Movement upon which we will be required to vote on September 22nd. Our family has long been very active members of the First Baptist Church of Spring Valley, and I feel the greatest of joy and blessing that two of my sons have married the finest of Christian girls and established Christian homes which I feel vouches for the fact that we take our church commitment seriously as a way of life. I have felt a deep concern over the recall movement for I see nothing Christ-like in striking at good, sincere persons who have tried to do a community service by serving on our school board and have acted in a lawful manner by upholding the decision given them by County Legal Counsel according to the Constitution. Further more, I would be somewhat disturbed to walk into the classroom to find them going through a Catholic, Jewish or any other ritual that is not compatible with our table devotion service. By the same token, I don't have the right to ask the Catholic or Jew to accept my way of Christian teaching to their five year old child who might be easily confused and certainly could not comprehend the real meaning of the prayer.

The most I see in the Recall Movement is the waste of about \$3,000 of money that our children are being cheated out of, (or, the poor tax payer will have to dig up) plus the loss next year of many of our finest teachers. In any event it looks like our kids are going to bear the brunt of it.

In addition, I can't even feel that Christ looks upon it as a cause for Him, for I have seen so much of hate, anger, distrust and cynicism, and in none of these can I see the Christ I know and love.

Sincerely  
Mrs. Audrey Lipska  
8741 Lamar st.  
Spring Valley

## NON-SECTARIAN PRAYERS DECLARED LEGAL

Dear Editor:

Prescribed and required prayers in a public school have been declared to be unlawful by the United States Supreme Court. Voluntary non-sectarian prayers are lawful. Prior to January 27th of this year many kindergarten children in the La Mesa-Spring Valley School District were taught by their teachers to say grace before their snack time. This practice of voluntary non-sectarian prayer was not stopped by law or a court order; but it was stopped by three members of the school board in a 3 to 2 vote. These three members were Robert Andreen, Margaret Burnett, and William Johnston.

Dr. C. J. Padfield, Board President and Mrs. Anna Dewey tried to keep the privilege of voluntary non-sectarian prayer for our teachers.

Recall will not change the law but recall will bring three new members to the school board who will restore the privilege and help of voluntary non-sectarian prayer to the teachers of our district. Dr. Wm. J. McCandless, Mrs. Geraldine Gill, and Rev. Lewis E. Ginn are committed to this principle. Teachers in the San Diego School District have this privilege, why not return it to the La Mesa-Spring Valley School District?

If you want voluntary, non-sectarian prayer for your schools, then vote yes for recall. Truly, recall will not change the law; the law does not need to be changed. The school board is what needs to be changed. A new board will make a new board policy in accordance with the present law and restore voluntary non-sectarian prayer to our teachers of the classroom.

The three targets of recall keep stating they must obey the oath. I wish they would! Read this portion of the oath: "I do solemnly swear (or affirm) that I will support and defend the Constitution of the United States and the Constitution of the State of California against all enemies, foreign and domestic; that I will bear true faith and allegiance to the Constitution of the United States and the State of California."

If I took this oath I believe I would be upholding it in refusing to surrender to the demands of atheistic groups seeking to stop prayer that is lawful and to expel recognition of God from our country. These are the true enemies of our Constitution and nation. I will do my best to provide better schools, to do that which is right, to uphold the law and

truly carry out the above oath.

The Rev.  
Lewis E. Ginn  
Spring Valley, Calif.

## SCHOOL BOARD PRESIDENT SPEAKS ON RECALL

Dear Editor:

It had been my fervent hope to stay out of the recall controversy, but this prayer issue is of vital concern to me. I've had enough of Mr. Andreen, Mr. Johnston, Mrs. Burnett, the Committee to Combat Recall and the National Liberal League accusing me by implication of violating the Constitution and my oath of office. I've had enough of their distorting the facts and clouding the real issue. I can no longer silently watch a well-oiled school district machine interfere between the electorate and their elected officials in a political campaign.

The real issue is not whether a child or teacher may voluntarily on his own pray in school. No school board or court in the land can say he can't.

The real issue is whether our children will again be permitted at reasonable times to join together voluntarily in orally expressing a classroom prayer of a non-sectarian nature.

God is not sectarian, and prayer is an expression by words which acknowledge God and is offered usually as a request or as thanks.

The policy adopted by Mrs. Burnett, Mr. Andreen, and Mr. Johnston prohibits such classroom prayer. Do not be fooled by their words — their actions drown out their words.

Neither the Constitution of the United States nor the Constitution of the State of California prohibits voluntary non-sectarian classroom prayer. The Supreme Court did not rule on voluntary prayer, only on required or prescribed prayer. The County Counsel's opinion states that there is no present ruling or law regarding voluntary non-sectarian classroom prayer.

Dr. Padfield's and my resolution, defeated by the other three board members, neither required nor prevented voluntary non-sectarian classroom prayer. At no time have we ever advocated compulsory prayer. We wanted freedom of choice for both teachers and children.

It is a matter of public record that Mr. Andreen expressly excluded teachers from participating. Nor can they set time aside for prayer. How, then, could a child feel free to pray? For all intents and purposes, prayer has now been excluded from our classrooms. Kindergarten children are forbidden to join together to say grace before snacks.

Atheists, like Madalyn Murray, have sworn to remove God from every segment of our public life. Removing recognition of God from our schools is but one of the many steps to accomplish their goal. What is the next step? Let's stop encouraging the atheists. Let's say "We've had enough!" I, for one, will vote YES on recall September 22.

ANNA L. DEWEY

BACKS RECALL

Dear Editor:

I have remained silent on the recall election set in the La Mesa-Spring Valley District set for September 22nd since I did not wish to publicly criticize fellow board members. However, due to constant implied accusations by Mr. Robert Andreen, Mr. William Johnston and Mrs. Margaret Burnett, together with COR (Citizens Opposed to Recall) and the National Liberal League that I violated my oath of office and the Constitution of the United States, I have no other alternative than to speak out and set the record straight.

The real issue has been hopelessly clouded. The real issue is whether our students will be permitted once again, at reasonable times, to join together on a purely voluntary basis with their teachers, and vocally express a prayer of purely non-denominational nature. Since the adoption of the present policy by Andreen, Johnston and Burnett, it clearly states, and I quote, "There shall be no prayers or other religious exercises used as a part of the school program of this District". It is interesting to note that in Mr. Andreen's argument on the sample ballot, this all important section of his resolution was, apparently, purposely omitted. I firmly believe that non-sectarian, voluntary prayers on the part of both the teacher and the students are most helpful in teaching moral and spiritual values to our children.

In desiring and requesting return to the former policy (which was in effect in our district from 1877 to January 1, 1964... some 79 years) I am not violating my oath of office nor am I violating the Constitution. As stated by the County Counsel and agreed on by Mr. Andreen himself, the Su-

## School Vision Program Headed By S.V. Man

Dr. Russell Love, Spring Valley optometrist, has been named to head up the Back to School Vision drive this year, by Dr. Sam Sloan, president of the sponsoring San Diego County Optometric Society.

Dr. Love also is director of the department of public information of the society, and a member of the group's board of directors.

"Few people realize that four out of every ten elementary school children are visually handicapped for adequate school achievement," said Dr. Love. "Fortunately, nearly all of these visual inadequacies can be remedied by optometry."

It will be Dr. Love's task to acquaint the public with the urgent need for recognition of children's visual problems to ensure their future happiness and success.

To carry this message to the service clubs, Dr. Robert Lewis will address the Harbor Lions club on Sept. 23 at El Cortez hotel. Dr. D. D. McElfresh, a past-president of the society will address the newly-chartered Torrey Pines Rotary Club on Sept. 30.

## CAJON SPEEDWAY

Super Stock Car races Friday at Cajon Speedway will feature the Powder Puff girls Grand Prix race for 1964. A full racing program will be held, with the girls' program as an added attraction.

The third meeting of Los Angeles cars and drivers vying against San Diego's top modified sportsman drivers will get underway at 8 p.m. Saturday at the speedway.

## EVERY OTHER WEEK

## SET FOR WEEKLY

The Spring Valley Times, a publication spawned by a Spring Valley shopping center, has been reduced from a weekly publication to every other week, a spokesman for the Chula Vista firm said this week.

The publication is a "throw away" supposedly blanketing all homes in the Spring Valley area.

preme Court has never ruled that this type of classroom prayer is unconstitutional. In fact, one Federal Court has already ruled them to be constitutional, including the very grace that caused the ACLU to write the letter to our district that started this whole matter! The San Diego School District Board of Education, along with other Boards in our county, allow and even encourage these voluntary prayers in their schools... why should we deny this right to our children?

## Wilson Says Van Deerlin Shakes Job Security Here

"If I were a civilian worker employed at the North Island Naval Air Station, I'd be worried about the security of my job," declared Dick Wilson, Republican candidate for Congress in the 37th District, in a meeting with the Executive Committee of the Naval Repair Facility Reactivation Committee, in National City.

"The reason is easy to understand. Rep. Van Deerlin has just issued a statement saying that the efficiency of the overhaul and repair unit at the air station is high. If Van Deerlin's past performance is any example, this 'boost' for the North Island Naval Air Station is nothing more than the 'kiss of death'. The efficiency of the Naval Repair Facility also was high when Van Deerlin instituted an investigation there early in 1963. This vitally important Naval facility was closed shortly after that and 1,800 skilled civilian workers were discharged," Wilson added.

Wilson expressed concern at the present high level of unemployment in the South Bay area and stated that many people already are out of work because of the N.R.F. closing and that those employed at the Naval Air Station must have their jobs protected. He added that many of the civilian employees at North Island live in the South Bay area.

"Is there a possibility that Van Deerlin might be working to close the North Island Naval Air Station. It figures. We know that Van Deerlin's chief financial backer has lodged official complaints about North Island aircraft flying over his property," Wilson said.

## Democrats Back Bird In County Race

Dave Bird's re-election as County supervisor from the Second District has been endorsed by the Democratic Men's Club.

At the club's last meeting Ray Rainwater introduced a motion that the club support Bird.

Rainwater said Leslie E. Gehres, chairman of the San Diego County Republican Central Committee, made the nonpartisan supervisory election a partisan race by endorsing Henry Boney as "a good Republican" in the June primary.

"If the Republicans are going to make this race partisan we should endorse one of our own," Rainwater said. Bird is a Democrat.

Commenting on the Democratic Club's endorsement Dave Bird said, "The fact that I am a registered Democrat is of course a matter of public record and I am pleased to receive Democratic support."

Nevertheless, I will continue to administer the affairs of the Second District in a nonpartisan manner. When all the people benefit, there's no such thing as a Republican sewer district or a Democratic airport."

## Mexico, U.S. Ideals Alike Says D. Bird

Supervisor David W. Bird commented yesterday on the dreams and goals that are shared by Mexico and the United States of America.

Bird spoke on the occasion of the 154th Anniversary of Mexico's Independence.

Bird represented the County Board of Supervisors before a crowd estimated at 7,000 which heard representatives of the federal, state and local governments congratulate the Mexican-American population of San Diego County at Balboa Park Bowl.

Most of the Mexican-American population lives in Bird's Second Supervisorial district.

Bird was introduced by Raul Rosado, prominent in Mexican-American affairs in San Diego County.

"I am not going to try to speak to you in Spanish," said Bird. "If I did, you wouldn't recognize it as either your language or mine."

"I am here as one of you," he said. "After all, as some comedian once said, the first honest-to-gosh citizens of what is now the United States were the ones who wore feathers in their hair and hunted buffalo."

"I am here as one of you. You and I come from the same historical background because the governments of Mexico and the United States of America share the same dreams and the same goals for all men of good will."

"During the time that I have served in the branch of government that is closest to the people, I have represented most of the Mexican-American population of San Diego County."

"That representation has been an honor, and I congratulate you on your conduct as men and as citizens as I congratulate you on this 154th anniversary of the independence of Mexico."

## 'Showcase' City Urged By ConTour General Manager

The community was urged to unite to make San Diego a "showcase vacation" city, comparable to Washington, D.C., by William P. Brotherton, executive manager of the San Diego Convention and Tourist Bureau, Tuesday night.

His plea was made to 1,200 citizens, the largest group ever to attend an annual membership dinner meeting of the bureau. They were assembled in the auditorium of the \$3.5 million, 5,000-seat Convention Hall which had been formally opened a few hours before with ribbon-cutting ceremonies which launched a week-long Community Concourse Grand Opening Ceremonies Festival. Also opened simultaneously with the Convention Hall was the 11-story Exhibit Hall-Parking Garage costing \$4.1 million.

The bureau's gala banquet was the first public function held in the new Convention Hall. Prior to a 6:30 p.m. cocktail reception for bureau dinner guests, the Convention Hall was opened to the public at 6 o'clock for guided tours of the three-level structure and an inspection of the San Diego County Products and Economy Exhibit which will be open during Festival Week, Sept. 15 to 20, from 2 to 10 p.m. daily. There hundreds of exhibits of products manufactured in San Diego County or visitor-oriented attractions are on display.

Included among the displays were those of the communities of Spring Valley and Lemon Grove.

**TREE AND CHURCH** — One of the first trees planted in a new program to provide more greenery for the Lemon Grove area is a tree planted under the combined auspices of the Lemon Grove Kiwanis club and Tony Sonka, a L.G. developer. Sonka is supplying funds for trees to be planted under a master control plan. Ken Conrad, president of the L.G. Kiwanis club (with shovel) has chosen the Lemon Grove Methodist church as site of the first plantings. The church sanctuary, background, was built earlier this year. In the photo, from the left, are: Sonka, Larry Hunter, supplier of the trees, Hal Wolfe, chairman of the Methodist Church Development Committee; Conrad, and Frank Armstrong, chairman of the Church board of trustees.

## Local Workers Help In 'Stadium' Project

Over 60,000 "I Want A Stadium" stickers today were turned over to volunteer "Stadium Bucks" boosters by Stadium Committee officials in an accelerated effort to get 100,000 signatures and raise \$50,000 through public contribution to underwrite the promotional costs and to initiate a professional study by Western Management Consultants of Phoenix.

Paul Carter, chairman of the All-American Stadium Committee, Inc., said he expects a sharp climb in sticker sales as mounting public enthusiasm continues to gain momentum. The stickers are selling for one dollar and are tax deductible. "It is a compliment to the dedication of the San Diego County sports fans that they attend games in spite of the lack of proper facilities," Carter said.

Carter added that the campaign was being expanded to include every shopping center in the county, every bowling alley, all new car dealers, charge football games, Pop Warner football teams and "anything anyone else who wants to help build a stadium in San Diego County".

Junior Chamber of Commerce president, Charles Dixie, said sales of the bright red "I Want A Stadium" stickers had been moving at a brisk pace, particularly in Chula Vista, National City, La Jolla and East San Diego. "We asked for and got 3,000 stickers from the Stadium Committee and we intend to sell every one of them," Dixon said.

Carter made a plea for all interested citizens and sports enthusiasts to rise up and come to the aid of the fight to get a new stadium. "We need all the volunteer help we can get right now," Carter stressed, "in order to make this project a success." He added, "I'm certain that once the public has been made fully aware of the great economic potential of a new stadium to the county as a whole, we could conceivably have it much sooner than we think. But, we've got to pull together now."

The All-American Stadium Committee, Inc., is a tax-free, non-profit California Corporation. It will handle all funds and administer all of the programs pertaining to Stadium proposals. The mailing address is: P.O. Box 3601, San Diego, California, 92103.

Carter added that the campaign was being expanded to include every shopping center in the county, every bowling alley, all new car dealers, charge football games, Pop Warner football teams and "anything anyone else who wants to help build a stadium in San Diego County".

## Around Spring Valley

By Tommy Thomas

Those beautiful American flags that fly along Campo rd. each holiday and special days are a bit of a problem at times for the persons responsible for them. Ray Traber, a commit-

tee-man of Boy Scout Troop 354, the troop that puts up and takes down the flags, says that each time the flags are on display, one or two are stolen or damaged. One flag was damaged on Labor Day. Another was almost stolen. Several boys saw a youngster about to take the flag and made him return it to its stand. The youngster got away without being identified.

These flags belong to the Casa de Oro merchants. Cost of each flag is \$5 for the flag itself, \$1.50 for the rod and 15 cents for the ball. Then there is the labor of keeping the 100 flags in repair and the cost of paint. The flags have to be checked after each time they are up.

Quite a few of our Valleyites have been vacationing this summer. One of the longest trips was taken by Mrs. Marie Dekker of 9043 Koonce dr. Taking a six-week trip in Europe, she flew over the North Pole to Copenhagen, Denmark. With 16 other persons they traveled by coach to Amsterdam, Holland. Then on to Germany and a 20-mile steamer trip on the Rhine River.

They visited the famous Black Forest and then on to Switzerland, Italy and France. They also went to the British Isles. Back home in America, Marie Dekker spent three days at the New York World's Fair. But like many other Spring Valleyites, she was glad to get home.

Mr. and Mrs. (John and Ada) Shelden of Sweetwater Lodge, Space 40, recently returned home after a 4-week trip which took them into the north-west part of the United States. They had a chance to climb to the Great Divide and to see all the beautiful rivers and valleys, not to mention the greenery that is the awe inspiring part of the great north-west.

This was Sheldens' first trip in 14 years.

Three families of Sweetwater Lodge; Mr. and Mrs. (Charles and Mabel) Dossey, Mr. and Mrs. (Lee and Nan) Hamilton, and Mr. and Mrs. (Ben and Betty Jane) Bush and their three children, recently returned from a trip to Cave Junction, Ore., where they, with six other Sweetwater Lodge families, own parcels of land.

The Valleyites have plans afoot to develop their Oregon property and say it will make a good summer camp. It is near the Illinois River and not far from a lake filled with fish.

Rev. Lewis Ginn, pastor of the Bancroft Baptist Church, his wife, son, Eldon, and daughter, Betty, have returned home after a three week trip which took them to the Santa Cruz Mountains. From there they visited the State Capitol in Sacramento and the surrounding area. Rev. Ginn commented on the beauty of the north country, but he seems to be a dedicated San Diego County man.

Mr. and Mrs. (Gene and Barbara) Thorpe of 3030 Central, recently returned home after two weeks in Northern California and Oregon. Also on the trip was the Thorpe daughter, Genee. They took their camping outfit and camped out along the way. They did a bit of

fishing in the Rogue River and spent a couple of days in San Francisco, seeing the sights and dining at Fisherman's Wharf.

Mrs. Wilma Walker of 3333 Helix st. and her mother, Mrs. Bertha Ries of 9918 Buena Vista dr., recently returned home after a visit to San Francisco.

Congratulations to Riley T. Lively of 3978 El Canto dr. on being admitted to the University of California at Berkeley. The son of Mr. and Mrs. R. J. Lively, Riley is a 1964 grad of Monte Vista High.

Two wedding anniversaries reported for the week.

Sept. 13. Earl and Lois Jones, 3975 El Canto dr., their 22nd. Married in Wichita, Kan., they have been here 12 years.

Sept. 18. Marvin and Mildred Hagan, 4144 Camino Paz, their 24th. Married in Iowa, they have been here eight years.

A few "Happy Birthdays". Sept. 9. Bruce and Byron Hagan (twins) of 4144 Camino Paz.

Sept. 13. Kamille Varner, 3839 Helix st.; and Burt Easton, 10719 Garden way.
